Declaration

1. QMS will be notified of any substantive changes to the above details.
2. QMS brands or descriptors will only be used in compliance with the QMS Brand Guidelines. The latest version can be found at www.qmscotland.co.uk
3. Access & cooperation will be extended to any QMS auditor for the purposes of verifying traceability and labelling requirements in relation to QMS brands. These audits may be unannounced.
4. Invoices and/or Delivery notes of goods in & out will be used to check that volume of products eligible to carry the QMS brand produce by your facilities do not exceed the volume of purchased products carrying the QMS brand. Such invoices and/or Delivery Notes must clearly identify the volume of products eligible to carry the QMS brands.
