

(Model application document to be completed by the applicant)

Application for Registration or Approval under the EC Feed Hygiene Regulation (183/2005)

To: [Local Authority]	
-----------------------	--

I am applying for the following premises to be registered/approved (delete as appropriate) under the above legislation. The information required is set out below:

1. Name or business name of the feed business to which this application relates:

Name:	
Business:	

2. Address and associated details of the premises where the activity requiring registration or approval is undertaken or to be undertaken:

Address:			
Telephone No:		Fax no:	
E-mail:		Website:	

3. Activity or activities carried out on the premises (please use the code and activity descriptions shown on page 3)

Code:		Activity:	
-------	--	-----------	--

4. Applicant details:

Name:	
Address (If different from that at 2 above)	
Signature of Applicant:	
Date:	

Applicants should note: Articles 9 and 19 of Regulation 183/2005 on feed hygiene require the collection and collation of the above information from feed business operators and to make details of feed businesses available to persons enquiring about the registration status of such businesses. This information may also be shared with other government agencies responsible for the official control of animal feed, e.g. the Veterinary Medicines Directorate's Inspection and Investigations Team and the Animal and Plant Health Agency.

Feed business operators must also inform the relevant enforcement authority of any changes to the name, business name, address, activity or ownership of a feed business establishment under its control, or its closure.

Feed Law Code of Practice (Scotland) 2016

Registration Activities

Code	Activity	Notes	Examples
R10 (Farms)	Mixing feed on-farm, with additives and premixtures	This activity was subject to registration under previous legislation (EC Directive 95/69 as implemented by the Feeding Stuffs (Establishment and Intermediaries) Regulations 1999).	Farmers who buy in additives and premixture products (i.e. not contained in a compound feed) and mix them with feeds (forage, silage, haylage, cereals etc.). Additives and premixtures may include vitamins, trace elements (e.g. copper, zinc) and preservatives (e.g. propionic acid).
R11 (Farms)	Mixing feed on-farm, with compound feedingstuffs which contain additives.	This activity was subject to registration under previous legislation (EC Directive 95/69 as implemented by the Feeding stuffs (Establishment and Intermediaries) Regulations 1999).	Farmers who mix their own feeds on farm using bought-in compound feeds that contain additives such as vitamins, trace elements, etc
R13 (Farms)	Livestock farms which do not mix feeds or mix feeds without additives.		Livestock farmers. This may include farms making silage or haylage (without using additives).
R14 (Farms)	Arable farms growing or selling crops for feed.		Arable farmers such as those growing cereals, wheat, barley or food crops, e.g. potatoes, for use as feed.
